Re: Docket No. AB-290 (Sub-No. 260X), Tennessee Railway Company
– Abandonment Exemption – Between Oneida, Tennessee and Nicks
Creek, Tennessee - In Scott County, Tennessee - Petition for Exemption

Dear Mr. Williams:

Enclosed for filing with the Board in the subject docket are an original and ten copies of the Army Corps of Engineers' response to the environmental report of Norfolk Southern Railway Company in connection with its Petition for Exemption to abandon the subject line of railroad between Milepost TE-0.95 near Oneida, TN and Milepost TE-27.96 near Nicks Creek, TN. The letter from the Corps states that the work described in the environmental report in connection with the abandonment of the Line would not impact the waters of the U.S., including wetlands, with deposition of fill or dredged material. Therefore, a permit would not be required for such work.

Very truly yours,

James R. Paschall

Dear Mr. Western:

This is in response to your letter dated December 3, 2004 requesting our review/comments of the subject proposal for Tennessee Railway Company.

Based on the information provided, the work would not impact waters of the U.S., including wetlands, with deposition of fill or dredged material. **Therefore, a permit would not be required.**

We appreciate your awareness of our regulatory program. If you have any questions, you can contact me at the above address, telephone (615) 369-7518, or by email at deborah.s.tuck@usace.army.mil.
